

MCT Master-Class 2025 International

Welcome to the MCT Master-class training program 2025

MCT Master-class aims to provide state of the art training for clinicians or specialists to develop a high level of competency in MCT.

This training program is arranged by the Metacognitive Therapy Institute in Manchester/Trondheim and it is Dr. Adrian Wells and Dr. Hans M Nordahl, whom are responsible for the program.

In addition, our affiliates of MCT-I in the UK, Germany and Scandinavia also provide supervision and management of training. The supervisors are experienced clinicians, who have been trained in MCT and work as clinicians and supervisors in health and academic settings.

Manchester - Trondheim [MCT-Institute.com](https://mct-institute.com)

Learn how to apply MCT to a variety of specific disorders

How to apply:

Enclose your CV (max 3 pages) with description of your clinical experience, name and contact address.

The application should be addressed to:
dr. Hans Nordahl: hmor-n@online.no

Price: 3980 GBP

- Includes:**
- All workshops
 - Supervision throughout the course
 - All equipment needed
 - Handouts and workshop material

The fee can be paid in two or four instalments. Other expenses must be covered by the participant.

Ethical conduct:

All participants are required to pay close attention to the ethical codes of conduct during their training. Knowledge shared about patients and other therapists during training must be treated responsibly and with due care and consideration. Patient-related material is confidential and must not be communicated to other people. Any violation of this requirement will lead to the termination of the candidate's training within the MCT Master-class.

Terms & conditions

Attendance and Assessments: All participants must attend at least 6 workshops in order to get the course accepted. In addition, every participant must submit a video tape of an MCT session at the mid-point of training for feedback and evaluation. The evaluation is undertaken by your buddy on the basis of a competency rating scale. It is a course requirement that participants submit a minimum of 10 completed supervision logs that have been implemented by email before they can have the course accepted. Two levels of acceptance are available as exit awards from the programme. For those who do not complete the minimum required supervision but otherwise meet course requirements a 'certificate of attendance' is awarded. The online-attendance will be listed at every workshop. The full award is a 'level 1 diploma.' The level 1 diploma leads to eligibility for MCT-I registration and the benefit of being MCT-I recommended as a basic level MCT practitioner.
